PROFILE

Masters degree in Animation and Visualisation from UTS Animal Logic Academy, specializing in FX and CFX using Houdini. I am passionate about procedural problem solving. Currently seeking a junior FX/CFX position within the VFX and animation industries.

WORK/STUDENT EXPERIENCE

Animal Logic / Netflix Animation Studios Academy

Jnr FX & CFX Artist

Sydney, NSW

2025-2025

- Developed an art directable plant skeleton generator with a custom simulation setup, enabling rig like control for highly directable plant simulation.
- Created an anti gravity RBD simulation using targetV and air resistance, directing debris chunks to precise locations for art directable simulation.
- Implemented a multi shot CFX workflow with custom pre roll and post roll setups, streamlining simulation continuity across a 70 shot sequence.
- Developed a one click screenshot tool in Houdini (SOPs & Lops) using Python and Qt, with direct paste functionality into apps like slack, reducing screenshot workflow time by 50%.

3D Generalist and graphic design

Design Identity Australia

Alexandria, NSW

2024-2024

- Generated 3D renders for luxury items like perfume, shoes, and watches. Blended creativity with technical skills to elevate product visuals and drive engagement.
- Collaborated with video editors to customize models that aligned with brand specifications.

3D Generalist

UTS Motorsport Electric

Sydney, NSW

2023-2024

- Developed animation rigs for over 20 car models as part of 2024 car reveal trailer.
- Collaborated with cross functional teams to deliver assets under deadlines, improving production efficiency by 15% while upholding visual quality standards.
- Designed and animated car reveal trailer for UTS Motorsports in 2023 and 2024, showcased at events including SXSW Sydney.

Butcher

Top Ryde Chicken Shop

Sydney, NSW

2021-2022

- Gained experience communication with clients with diverse background, switching seamlessly between English, Indonesian, and Chinese.
- Developed interpersonal skill, ensuring positive customer interaction.
